

Volume and Mute Switch

Volume and mute switch (HVOL)

This inline mute and volume control allows easy adjustment of the speaker volume or muting of the microphone during a call. Suitable for use with headsets equipped with PX type QD.

Features:

- Rotating volume control permits easy reduction of speaker volume
- Sliding tab facilitates muting the microphone easily
- Fixed mute is easy to identify and avoids embarrassing mistakes
- Integrated clothing clip provides a firm hold for practical ease of use
- Supplied with industry standard PX (plantronics-type) quick disconnect

Specifications:

- Colour: Black
- Dimensions: 275 mm
- Weight: 14 grams
- EAN Number: 5055386506542
